

DHI-ISC-EAP0000-220

EAS AC Power Adapter

- Mature power technology, simple circuit, stable usage
- Low interference and noise
- Long equipped cable, long enough to be concealed

Special power adapter for AM Antenna, standard extension cable, suitable for most scenarios

Features

Stable Output

Independent power adapter, stable voltage output.

High Use Profit

External power supply, high working efficiency and long service life.

Scene

Suitable for supermarkets, shopping malls etc., which is used with AM antennas and installed covertly.

Technical Specification

Performance

Operating Voltage	220~240 V@50 Hz/60 Hz
Output	12 VAC/1.0 A, 12 VAC/1.0 A, 24 VAC/3.0 A
Maximum Power Output	100 W
Fuse Specifications	1.5 A

General

Color	Black
Length	225 mm ± 0.5 mm (8.86" ± 0.02")
Width	140 mm ± 0.5 mm (5.51" ± 0.02")
Height	77 mm ± 0.5 mm (3.03" ± 0.02")
Product Weight	3.6 kg (7.94 lb)
Packaging	Individual package

Packaging Dimensions	225 mm × 140 mm × 77 mm (8.86" × 5.51" × 3.03")
Gross Weight	4 kg (8.8 lb)
Minimum Order Quality	1 set
Fixing Method	Wall-mounted
Operating Temperature	-5 °C to +50 °C (+32 °F to +104 °F)
Operating Humidity	0-90% (RH) (no condensation)

Certifications

Certifications	CE/FCC/ROHS
