

S4000-7X

7-Port Fiber Ring Network Switch

Features

- 2-layer industrial level switch
- Support spanning tree protocol STP/RSTP
- 2*1000Mbps SFP fiber ports and 2 fiber ports can form ring network
- IEEE802.3, IEEE802.3u, IEEE802.3ab/z and IEEE802.3X standards
- Industrial level wide temperature design
- Support WEB, SNMP network management (v1/v2c)
- IEEE802.3X dual full flow control and Backpressure half dual flow control
- Indicator displays data transmission status and power status
- Support port isolation, speed limit, mirroring, 802.1Q VLAN
- Support DC12V/DC24V/AC24V power supply

Technical Specification

Model	S4000-7X
Physical Port	2*1000 Base-X ports 1*10/100/1000 Base-T port 4*10/100 Base-T ports Alarm: 4/1 In/Out ports 4*RS485 ports, 1*RS232 port 1*Console port
Exchange Mode	Store & forward
Application Humidity	10%~90%
Power	DC12V/ AC24V
Power Consumption	≤15W
Working Temperature	-40°C~75°C
Weight	1.15kg
Dimension(W×D×H)	210mm×132mm×52mm
